PROFESSIONAL SUMMARY

Senior Flutter Developer with **2+ years of Flutter development experience** and a track record of **building and shipping 10+ production Flutter applications** live on the Google Play Store and Apple App Store, spanning CRM, HRMS, School ERP, Vendor Management, Citizen Services, and Workforce Management domains. Skilled in **GetX, BLoC, Cubit, and Provider** state management, REST API and Firebase integration, and payment gateway integrations (Razorpay, Easebuzz, HDFC Juspay). Experienced leading frontend architecture decisions, code reviews, and **mentoring 8+ developers and interns**, with strong command of **Clean Architecture, Agile/Scrum, and Jira-based sprint delivery**. Recipient of the **Best Employee Award (2025)** for outstanding project contributions.**Quick Learner** with a passion for continuously exploring emerging technologies, rapidly adapting to new tools and frameworks, and delivering innovative, high-quality mobile solutions.

PROFESSIONAL EXPERIENCE

Senior Flutter Developer — Baap Services Private Limited

Aug 2023 – Present

- **Leading Flutter developmentfor enterprise mobile applications** as Senior Flutter Developer, owning end-to-end feature delivery.
- **Mentoring and training 8+ Flutter developers and interns**, raising code quality and onboarding speed across the team.
- **Driving architecture decisions, code reviews, and sprint planning** using Clean Architecture principles for scalable, maintainable Flutter applications.
- **Successfully delivered 10+ production applications** on the Google Play Store and Apple App Store across CRM, HRMS, School ERP, and Workforce Management domains.
- **Integrated REST APIs and Firebase services** (Authentication, Firestore, FCM push notifications, Analytics) and managed application state using **GetX, BLoC, and Provider**.
- **Integrated multiple payment gateways** (Razorpay, Easebuzz, HDFC Juspay) for secure academic, hostel-fee, and business transactions.
- **Managing Play Store releases, App Store deployments, localization, performance optimization, and production support**, backed by CI/CD pipelines and TestFlight builds.
- **Collaborating with Product, QA, Backend, and Design teams** in Agile/Scrum sprints, running task breakdown and requirement analysis in Jira.

KEY PROJECTS

SchoolBook ERP — School Management Platform

- Built a school management ERP supporting **7–8 user roles** (Student, Parent, Teacher, Admin, HR, Accountant, Librarian, Transport Staff) across **13+ modules** including Attendance, Leave, Certificates, Gate Pass, Bus Tracking, Hostel & Academic Fees, and Library Management.
- **Integrated HDFC Juspay and Easebuzz payment gateways** for secure fee transactions, plus push notifications, dynamic dashboards, and role-based access control.

OfficeBook HRMS — OfficeAutomation Platform

- **Delivered an HRMS and office automation app** covering Attendance, Leave, Task & Project Tracking, Payroll, Taxation, Visitor Management, and Employee Profiles.
- **Implemented role-based authentication**, REST API integration, push notifications, and report-generation workflows.

Simplify Workforce — Enterprise Workforce Management (US-Based Client)

- **Developed enterprise-level workforce management modules** — Jobs, Candidates, Assignments, and Timesheets — for a US-based client.
- **Implemented localization and optimized state management** using BLoC and GetX; collaborated with QA and backend teams in Agile sprints.

BAAP CRM — Customer Relationship Management App

- **Built a scalable CRM covering Lead, Campaign, Order, Quotation, Payment, and Salesman Tracking modules** for business operations and sales workflows.
- **Delivered real-time salesman tracking**, dynamic dashboards, and role-based access management across Android and iOS.

Strawberry EMS — Employee Management System

- **Built and shipped an School management system** to production, live on the App Store.
- **Developed features including Attendance, Leave, Certificates, Gate Pass, Assignments, Bus Tracking, Fee Management, Library, Payroll, Notifications, and Document Management.**
- Integrated HDFC Juspay, **Easebuzz, Firebase services, REST APIs, and role-based** access management while managing production releases and application optimization.

Janhit — Citizen Services App

- **Developed a public-welfare app improving access to government and local services** — Complaint Management, Citizen Requests, Document Uploads, and Service Tracking.

TECHNICAL SKILLS

Mobile Development: Flutter (Advanced), Dart (Advanced), Cross-Platform (Android & iOS), Responsive UI
State Management: GetX (Advanced), BLoC (Advanced), Cubit, Provider
Architecture: Clean Architecture, MVVM, Reusable Component Design
Backend & APIs: RESTful APIs (Advanced), **Firebase (Auth, Firestore, FCM, Analytics)**, JSON Parsing, WebRTC Third-party API Integration AI API Integration LLM API Integration ,
Payments: Razorpay, **Easebuzz, HDFC Juspay**
Database & Storage: Firebase Firestore, SQLite, Hive, Shared Preferences
DevOps & Deployment: CI/CD Pipelines, **Play Store & App Store Deployment**, TestFlight Release Management, Firebase Hosting ,GitHub Actions, **Google Cloud Platform (Basics) ,Cloud Storage**
Tools & Process: Git, GitHub, GitLab, **Bitbucket**, **Jira**, Postman, **Agile/Scrum**, VS Code, Android Studio
UI/UX: Figma, Material Design, **Custom Widgets, Animations**, Adaptive UI
Advanced: Push Notifications, Localization, Deep Linking, Role-Based Access Control, Google Maps Integration ,Prompt Engineering ,AI Automation ,Generative AI,
AI & Generative AI :- OpenAI API (Learning) ,Google Gemini API (Learning) ,**Claude API (Learning) , Prompt Engineering** , Generative AI Fundamentals , **AI Chatbot Integration** , AI Workflow Automation , AI Document Processing

ACHIEVEMENTS

- **Best Employee Award – 2025** for outstanding performance and project contributions at Baap Services Private Limited.
- **Shipped 10+ Flutter applications** to production across Google Play Store and Apple App Store.
- **Published an open-source Flutter package** (toast_service) on pub.dev for customizable toast notifications.

EDUCATION

Bachelor of Computer Applications (BCA) Jan 2023 – Feb 2026
